

El Dorado County ARES net script – Mondays @ 20:30 PST

20:30 – Good evening. This is the El Dorado County ARES net. This net meets each Monday at 20:30 hours on AG6AU Repeater Network consisting of 6m, 2m, 70cm and 33cm linked repeaters. Your net control this evening is <callsign> and my name is <name>.

This is a directed net and is part of the ARRL field organization. The purpose of this net is to provide communications during emergencies and to conduct training in procedures that would apply in actual emergencies.

Any stations with emergency, priority or time-valued traffic please contact net control at this time. *(brief pause)*

I will now call the roll of the El Dorado County ARES Members. When called please acknowledge and indicate if you have any traffic or news. Stations should request permission to secure if they can't participate in tonight's net.

*(refer to EDC ARES muster for roll-call)*

<http://www.edcarc.net/files/EIDoradoCountyARESNetRoster.pdf>

I will now check in all other stations that wish to participate. You don't have to be an ARES member to check into the net, anyone interested in emergency communications is welcome. When checking in please give your call sign phonetically, and your first name. You may also indicate if you have traffic or news.

This is <callsign> and I thank you all for checking in this evening and welcome any listening only visitors to our net this evening.

*Acknowledge any stations with traffic or news:*

<callsign> this is <callsign> you may pass your traffic or news. Please acknowledge net control when complete.

This will be the last call for late or missed check-ins to El Dorado County ARES net for this evening. Any late or missed stations please check in now your call sign phonetically, and your first name. You may also indicate if you have traffic. *(pause for check-ins)*

I will now query the net for mobilization status and take any questions comments or discussion topics.

*(read through the muster list and query each station for comments or questions)*

Any final questions or comments this evening? *(pause for any responses)*

This concludes the El Dorado County ARES net. The other net on this repeater is the Club Net on Tuesdays @ 8:00pm. Our thanks to the El Dorado county ARC for allowing us to use the AG6AU repeater network. Also our thanks to all the operators who checked in tonight. Those stations may secure at their leisure. This is <callsign>, returning the repeater to normal amateur use.
